THE J.M. SMUCKER Co

Iced Coffee

If you've ever wondered how to make **Dunkin'** iced coffee at home, good news — it's quick and easy. And while nothing can replace the joy of that first sip at the drive-through window, this DIY **Dunkin'** iced coffee recipe can help satisfy your cravings when you're in-between restaurant runs.

Prep Time	Cook Time	Serves	Difficulty
3 mins	N/A	1	Easy

Ingredients

- 1 Cold K-Cup® pod
- (Optional) sugar or other sweetener, to taste
- (Optional) milk or coffee creamer
- Ice cubes
- (Optional) whipped cream or cold foam
- Water

Directions

Step 2: Brew coffee over ice.

BREW coffee over ice in a non-glass tumbler.

Step 3: Add milk, coffee creamer or sweetener and more ice.

ADD milk, coffee creamer or sweetener if you like, then add more ice.

Step 4: Top with whipped cream.

TOP with whipped cream of cold foam. Chill and enjoy.

Step 6: Pour instant coffee into glass.

POUR the powdered instant cold coffee into a large glass.

Step 7: Add water.

ADD 1 1/4 cups of water and stir until combined.

Step 8: Add milk, coffee creamer or sweetener.

ADD milk, coffee creamer or sweetener to your liking.

Step 9: Add ice and whipped cream.

ADD ice then top with whipped cream or cold foam. Chill and enjoy.
