

# Iced Coffee

If you've ever wondered how to make **Dunkin'** iced coffee at home, good news — it's quick and easy. And while nothing can replace the joy of that first sip at the drive-through window, this DIY **Dunkin'** iced coffee recipe can help satisfy your cravings when you're in-between restaurant runs.

## **Prep Time Cook Time Serves Difficulty**

3 mins      N/A      1      Easy

## Ingredients

- 1 Cold K-Cup® pod  
Dunkin' Cold Iced Coffee K-Cup® pods
- (Optional) sugar or other sweetener, to taste
- (Optional) milk or coffee creamer
- Ice cubes
- (Optional) whipped cream or cold foam
- Water

## Directions

### **Step 2: Brew coffee over ice.**

ADD coffee over ice in a non-glass tumbler.

### **Step 3: Add milk, coffee creamer or sweetener and more ice.**

ADD milk, coffee creamer or sweetener if you like, then add more ice.

### **Step 4: Top with whipped cream.**

TOP with whipped cream or cold foam. Chill and enjoy.

### **Step 6: Pour instant coffee into glass.**

POUR the powdered instant cold coffee into a large glass.

### **Step 7: Add water.**

ADD 1 1/4 cups of water and stir until combined.

### **Step 8: Add milk, coffee creamer or sweetener.**

ADD milk, coffee creamer or sweetener to your liking.

### **Step 9: Add ice and whipped cream.**

ADD ice then top with whipped cream or cold foam. Chill and enjoy.
