THE J.M. SMUCKER Co

DIY Coffee Soda

Give your next cold coffee an extra-refreshing twist when you make it a coffee soda. This recipe is everything you love about **Dunkin'** coffee — plus the bubbly tingle of sparkling water and just a splash of citrus.

Prep Time	Cook Time	Serves	Difficulty
3 mins	N/A	1	Easy

Ingredients

- 1 Cold K-Cup® pod
- Sugar or other sweetener, to taste
- (Optional) milk or coffee creamer
- Ice cubes
- 1/3 cup sparkling or soda water
- 1 twist or wedge of orange
- Water

Directions

Step 2: Brew coffee over ice.

BREW coffee over ice in a non-glass tumbler.

Step 3: Add milk, cream or sweetener and more ice.

ADD milk, coffee creamer or sweetener if you like, then add more ice.

Step 4: Top with sparkling water and a squeeze of orange.

TOP with sparkling water and a squeeze or twist of orange. Take it easy and enjoy.

Step 6: Pour instant coffee into glass.

POUR the powdered instant cold coffee into a large glass.

Step 7: Add water.

ADD 1 1/4 cups of water and stir until combined.

Step 8: Add milk, cream or sweetener, then add ice.

ADD milk, coffee creamer or sweetener if you like, then add ice.

Step 9: Top with sparkling water and a squeeze of orange.

TOP with sparkling water and a squeeze or twist of orange. Take it easy and enjoy.
